Project Engineer - Mechanical

At C-CORE, we are committed to investing in people and creating a dynamic and rewarding employment experience. C-CORE is seeking a **Project Engineer - Mechanical** to work with its highly skilled team of business professionals, engineers and scientists. If you are a self-motivated team player and committed to excellence, this may be your opportunity.

C-CORE conducts R&D and provides research-based advisory services, delivering innovative engineering and technology solutions to national and international clients. Over the past 44 years, we have built a world-class team of over 80 dedicated professionals, with a reputation for excellence in Remote Sensing, Ice Engineering, and Geotechnical Engineering. This position is located in our St. John’s office.

**PROJECT ENGINEER - MECHANICAL**

The successful candidate will work with the team to design mechanical systems (structures, frames, control systems, hydraulics, sensors, gauges) supporting field/lab experiments and data collection. The position will involve verifying mechanical systems supplied by others to test and verify systems are fit for purpose. The ability to plan, engage and lead others, particularly multiple fabricators to ensure systems are built, delivered, assembled and operational on time and on schedule is essential.

**Qualifications:**

The ideal candidate will have a Bachelors degree in Engineering with relevant courses in Mechanical Engineering. A minimum of 5 years of relevant industry experience is required. Excellent communication, analytical and decision-making skills are required along with the ability to work independently in a highly challenging environment. Knowledge and experience in 3D CAD is required. Manufacturing experience from design, logistics planning, construction and assembly are essential. Project Management experience would be considered an asset.

**NOTE:** Applicants must be registered or eligible for registration with the Professional Engineers and Geoscientists of Newfoundland and Labrador (PEGNL)

**Location:**

St. John’s, Newfoundland

**Salary & Benefits:**
C-CORE is committed to investing in people and creating a dynamic, rewarding employment experience.

C-CORE offers competitive salaries and benefits, including attractive vacation & leave entitlements, a generous retirement savings plan and medical & dental plans. We also offer numerous opportunities for professional and personal growth.
